Subject No. 3.

Summary of discussion.

A Lady Sub-Assistant Surgeon to the Dispensary at Mudgere.

Messrs. B. Rangarajiah and N. Kallegowda, Mudgere Taluk.

Mahomedan population is large in the Mudgere town. Their females observe gosha. So, it is very difficultm to get them good treatment when they fall ill. It is therefore very necessary to attach a Lady Sub-Assistant Surgeon to the local hospital in their interest. The Dewan Sahib, when he last visited the place, promised to grant our request.

First Member of Council.

We have not got a sufficient number of Lady Doctors. Though one was sanctioned for Kallurkatte none has been sent. When hands are available, the request will be considered.

Dewan.

I sympathise with your request and shall see what can be done.

N.B.- At the close of the discussions of the Local subjects of the Kadur District, Mr. C. Srinivasa Rao suggested that the condition of the District Fund roads in the Kadur District might be taken up as a Local subject and discussed although it was not mentioned in the list, as he had representations to make on the subject.

Dewan.- This matter will apply to all districts and may be taken up as a General subject.

Office of the Senior Surgeon
in Mysore,
Bangalore, 17th May 1924.

From

Dr.H.B.Mylvaganam, F.R.C.S.(ENG).
Senior Surgeon in Mysore.

To

B.Nagappa, Esqr., Bar-at-law,
Secretary to Government,
Local & Legislative Departments.

Sir,

Referring to my letter No.G.C.127-11 of the 10th April 1924, regarding improvements to the L.F.Dispensary, at Mudigere, to make it suitable for a combined hospital for men and women, I have the honour to inform that both the local bodies, viz., the District Board of Kadur District and the Municipal Council of Mudigere, now plead want of funds for the additions and alterations to the existing male dispensary to make it suitable for a combined dispensary and suggest the conversion of the Travellers' Bungalow into a combined dispensary.

2. The Travellers' Bungalow is not only situated far away from the centre of the town, but it is the only place suitable for halting when officers go on circuit. It is undersirable that this building should be allowed to be utilised for any other purpose than as a Travellers' Bungalow. Besides, this building, as it stands now, is not suited for a combined dispensary. It would also require alterations and additions to make it suitable for the purpose and the cost of which may after all, be not less than the sum now required for the alterations to the L.F.Dispensary.

3. The present L.F.Dispensary is situated in a central place, easily accessible to the people. If it is shifted to the Travellers' bungalow, patients, especially, women and children will find it inconvenient to walk all that distance for treatment.

4. The funds required for the alterations and additions

53

additions to the L.F.Dispensary amount to only Rs.2670/- which the Municipal and District Board should be able to pay easily, but if they are unable to pay this small -- amount, the Government may be pleased to advance this sum and issue early orders to carry out the alterations and additions to the male dispensary, at an early date.

With reference to your letter No.L.3817/Med.65-23-14 dated the 24th November 1924 calling for the early submission of detailed plans and estimate for converting the Local Fund Dispensary building at Mudigere into a combined Hospital, I have the honour to inform you that the Executive Engineer, Kadur Division, who was asked to prepare a detailed plan and estimate for the work in consultation with the Medical Department has now reported that a plan showing the proposals was sent to the District Medical Officer on the 31st January 1924 for approval and that up to now the sketch plan has not been returned approved.

2. The Executive Engineer also reports that during his stay at Mudigere on the 29th November 1924, he was informed by the residents of the town that they were not in favour of the proposal for adapting the present Dispensary for a combined Hospital but that they were for improving the Travellers' Bungalow at the place for serving the purpose of a Hospital. It is learnt that both the Medical officer and the Senior Surgeon are agreeable to this proposal and have promised to support it.

Sir,

Referring to the correspondence ending with your Memo No. L. 3819-Med. 65-23-14, dated 24th November 1924, on the subject of improving the Mudigere Dispensary with a view to convert it into a combined hospital for men and women, I have the honour to state as follows.-

At my recent visit to Mudigere I inspected the present dispensary building and also other available buildings in company with the Vice President of the Municipality. The present dispensary building is not at all suitable for a combined dispensary.

The present travellers' bungalow, which is believed to be not much resorted to by travellers, has ample space for a combined male and female dispensary, if only the verandah be screened and divided into two portions. There are two large rooms on each side with bath room attached to each and a passage between, which will be sufficient for examination, dressing and in-patients accommodation, for males on one side and for females on the other, the central big hall being conveniently divided to meet other requirements. Its out houses will provide residential quarters for the subordinate staff, Midwife, and Compounder. The lady doctor may be given the town hall for her quarters. This building is at present understood to be occupied by the local Police Inspector and not used as a Town Hall. The people intend having a new building for the Town Hall. The present dispensary building will be used as quarters for the Assistant Surgeon. The building now occupied by that officer will do for the Amildar and the building where the Amildar now lives, when vacated by him, will serve as travellers' bungalow. The

55

The above arrangements which will best serve the convenience of all parties and the interests of the public as well, may kindly be approved. The Midwife Mudigere Municipal Council is in favour of these proposals as may be seen from the resolution of the Council dated 5th December 1924, received with the President's letter No. 142 dated 10th December 1924 (copies enclosed). I am requesting the President of the District Board to move the Board to agree to the above arrangements and communicate their resolution as early as possible. I am also addressing the Chief Engineer to favour me with an estimate of the cost of the slight alterations necessary to be made to the Travellers' bungalow to make it suitable for a combined dispensary.

I have the honour to be,

SIR,

With reference to your D.O. letter No.L.4841 dated the 7th January 1925 enquiring as to the action taken in the matter of opening the Maternity Hospital at Mudigere, I have the honour to inform you that the Executive Engineer, Kadur Division, is getting up detailed plans and estimates for adapting the Local Fund Dispensary building as a combined Hospital as per rough sketch furnished by the Senior Surgeon.

2. A sum of Rs 1,200 has been provided for the work towards the State Fund share of cost. The Municipality has set apart a sum of Rs 600 and the District Board is agreeable to bear its quota of cost.

3. Further needful action will be taken on receipt of the project in this office.

I have the honour to be,
Sir,
Your most obedient servant,

For Chief Engineer of Mysore.
